

Hello!

My name is Ms. Brittany and I am VERY excited to be with your kids for the summer! I have a lot of fun activities and programs planned for us to do throughout the summer. I have a passion working with kids and can't wait to share my joy of learning and having fun!

I was born and raised in West Virginia. In the fall of 2012, I started my journey at West Virginia University and soon after made Morgantown my permanent home. In May, I graduate with my bachelors of science in Sport and Exercise Psychology and in the Fall I will begin graduate school to obtain my masters in counseling, with an emphasis on school counseling.

I have always loved being around children and watching them grow. Throughout high school, I babysat for my parent's friends as well as volunteered in my church's nursery. During my time at West Virginia University, I have had different experiences with different age groups of children. I volunteered at Presbyterian Child Development Center in the five year old class. Throughout this time, I helped the teacher with daily activities, making crafts, playing games, and teaching the children different topics. Last fall, I was presented with an amazing opportunity to be the head middle school coach of Trinity Christian School. This was such a fun experience and allowed me to be around a unique group of girls. In January, I began working at Place of Grace, where I have fallen in love with the children and the staff.

I am so excited to be presented with the opportunity to be the teacher of the summer program. I will strive to teach the children new things and present them with new and exciting activities and learning opportunities. I can't wait to meet all of you and begin an unforgettable summer!

Ms. Brittany
